EDUCATION

BSc (Hons) Computer Science

Informatics Institute of Technology
2025-2028

IIT Foundation Program

2024 September - 2024 December

Sripali College Horana

Completed G.C.E. A/L in Physical
Science Stream

Leeds International School Panadura

Completed G.C.E. O/s

CERTIFICATIONS

Cybersecurity Foundations April 2026

Provides a comprehensive introduction to cybersecurity principles, risk management frameworks, threat identification, incident response, and global cybersecurity standards.

Python Data Analysis (2020) May 2025

Provides a refresher on the basics of working with data structures in Python.

SKILLS

Technical Skills

- Programming Languages: Python, Java, Flutter, Dart SQL, JavaFX
- Database management: SQL queries, Design and Management
- Web Development: JavaScript, HTML, CSS

Soft Skills

- Leadership
- Team work and contribution
- Communication
- Adaptability

EXTRACURRICULAR

President of Media Unit

2022 - 2023

Successfully managed and executed large-scale events, including athletic competitions, major tournaments, and school festivals.

PROFILE

Motivated Computer Science student with practical experience in Python, Java, web development, and machine learning. Interested in full-stack development and creating efficient, user-focused applications. Seeking an internship opportunity to apply my technical skills, gain industry experience, and continue growing as a software developer.

PROJECTS

Team Leader

Ongoing

Software Development Group Project

- Currently leading a team on developing a **Civic Engagement Platform application (SpotIT-LK)** where citizens can report issues like potholes, poor waste management or damaged infrastructure with photos and location data.

Team Leader

June 2025 - July 2025

Web Design and Development Project

- Designed and developed a website based on **Climate Change** under the United Nations Sustainable Development Goals (SDGs). This project mainly focuses on CSS and JavaScript with the front end design of the website.

Python Task Manager Project

March 2025 - May 2025

- Developed a task manager application using python where the user can Create, Read, Update and Delete tasks.
- Implemented a GUI using tkinter so the user can perform these functions using a simple GUI instead of the python console.

Personal Portfolio

July 2024

- Designed and developed a personal **portfolio website** using HTML, CSS, Bootstrap and JavaScript and published via github pages.
